Education

- 1973 B.A. Hons. School of European History and Modern Languages, University of East Anglia, Norwich, UK. (One year of this four-year honours degree was spent at the University of Bergen, Norway.)
- 1982 Ph.D. dissertation *Climate and Society in Iceland from the Medieval Period to the Late Eighteenth Century*. Supervisor: H. H. Lamb. School of Environmental Sciences, University of East Anglia, Norwich, UK.
- 1984-85 University of Iceland. Icelandic language.

Languages

English: Native speaker; Norwegian: Mother tongue; Icelandic: Near Fluent; French: Good; German: Basic; Swedish: Excellent reading and comprehension skills; Danish: Excellent reading and comprehension skills.

Academic Positions

- 1974-78 Research Associate, Climatic Research Unit, University of East Anglia.
- 1978-1995 Senior Research Associate, Climatic Research Unit, University of East Anglia.
- 1994 Visiting Scientist, Institute of Arctic and Alpine Research, University of Colorado.
- 1995-1998 Research Associate II, Institute of Arctic and Alpine Research, University of Colorado.
- 1996-1998 Associate Director, Institute of Arctic and Alpine Research, University of Colorado.
- 1998-Present Research Fellow, Institute of Arctic and Alpine Research, University of Colorado.
- 2000- Present Senior Affiliate Scientist, Stefansson Arctic Institute, Akureyri, Iceland.

- 2004-Present Professor Adjunct, Department of Anthropology, Hunter College, City University of New York.
- 2009-Present Associated Faculty, Environmental Studies Program, University of Colorado.
- 2011-2013 Senior Research Fellow, CICERO, Norway.
- 2013-Present Senior Scientist, Stefansson Arctic Institute, Akureyri, Iceland.
2014. Visiting Nansen Professor of Arctic Studies, University of Akureyri, Iceland.
- 2014- Adjunct Professor, Royal Roads University, Canada

PROFESSIONAL SPECIALIZATION

Primary Focus: Building bridges between the humanities and the natural sciences in a wide variety of research projects in order to foster interdisciplinary cross-fertilization, break down disciplinary boundaries, and to encourage fruitful and inspiring communication between colleagues in different disciplines.

Research Interests: Arctic Studies; Climate change and climate-change impacts; Community adaptation to climate change in northern regions; Human ecology of Arctic and Subarctic regions; Environmental history of countries bordering the North Atlantic regions, in particular Norway, Iceland, Greenland, and Labrador/Newfoundland; Historical climatology of northern Europe, in particular, Iceland; Sea-ice systems and the reconstruction of variations in the incidence of sea ice off the coasts of Iceland, Newfoundland/Labrador, the Greenland Sea and the Barents Sea; Human dimensions studies; Northern region ecodynamics; Syntheses of proxy climate records; North Atlantic fisheries history; Ethnographic studies in Iceland, Norway and Labrador/Nunatsiavut; Inuit studies; Analysis of primary historical texts (in English, Icelandic, Norwegian, Swedish and Danish); *as well as many interdisciplinary research projects with numerous colleagues in a wide variety of fields.*

Professional Memberships

- Fellow Royal Meteorological Society (UK)
- NABO (The North Atlantic Biocultural Organisation). Chair of “Climate Working Group”. (Founder Member). <http://www.nabohome.org/>
- GHEA (Global Human Ecodynamics Alliance) <http://www.gheahome.org/>
- International Society for Historical Climatology (ISHC) (Vice President)
- European Society for Environmental History
- Society for the Advancement of Scandinavian Studies.
- The Viking Society for Northern Research
- International Arctic Social Sciences Association (IASSA)
- Scandinavian-American Cultural and Historical Foundation
- Society of Historians of Scandinavia
- Society for the Advancement of Scandinavian Study

Teaching Activities (2006-2014)

- External Thesis Supervisor for Ingibjörg Jónsdóttir, Ph.D. Candidate, Cambridge University, England.
- Member of Dissertation Committee for Ragnar Edvardsson, Ph.D. Candidate in Archaeology, Hunter College, New York.
- Member of Dissertation Committee for Jennifer Brown, Ph.D. Candidate in Environmental Sciences, University of Stirling, Scotland.
- Member of Dissertation Committee for Maxine von Eye, Ph.D. Candidate at the Scott Polar Research Institute, Cambridge, England.
- Advisor to undergraduate recipient of Icelandic Research Council award, Hjördis Guðmundsdóttir.

PhD COURSE ON COMMUNITY ADAPTATION IN THE NORTH

10-14 June 2013, Vindeln, Sweden. Lectures given:

Ogilvie, A.E.J. 2013. The Climate System and Anthropogenic Climate Change.

Ogilvie, A.E.J. 2013. Sea-Ice Systems: Iceland, Labrador, Greenland.

Ogilvie, A.E.J. 2013. The Climatic Context: Reconstructing Long Climate Records.

Ogilvie, A.E.J. 2013. The Case of Labrador/Nunatsiavut: History, Climate, Adaptation.

Einarsson, Níels and Ogilvie, A.E.J. 2013. Social impacts of market-based fisheries governance in Icelandic coastal communities: Adaptation, externalities and interplay.

UNIQUE GRADUATE COURSE ON ENVIRONMENTAL MEMORY AND CHANGE IN MEDIEVAL ICELAND

2-16 August 2014, Svartárfkot, northern Iceland

Senior Lecturer on this interdisciplinary course in the Environmental Humanities and Social Sciences with a special focus on Risk and Vulnerability in Iron Age and Medieval Iceland. A two-week summer course (10 ECTS*) in Iceland for students in Masters and Doctoral level studies. (<http://scn.akademia.is/>). Course will be held again in June, 2015.

Undergraduate Teaching

Invited by the Anthropology Department, University of Colorado, to design and teach a new undergraduate course which I called: “North Atlantic Peoples and Cultures”. The focus is on the history, literature, anthropology, and environment of Iceland, Greenland, and Labrador (Nunatsiavut).

Current Collaborators

Drs J.T. Andrews, A.E. Jennings and L.K. Barlow, INSTAAR, University of Colorado, Boulder, CO 80303, USA; Drs P.D. Jones and K.R. Briffa, Climatic Research Unit, University of East Anglia, Norwich NR4 7TJ, UK; Dr G.R. Demarée, Royal Meteorological Institute of Belgium, Ringlaan 3, B-1180, Brussels, Belgium; Drs Níels Einarsson and Jón Haukur Ingimundarson, Stofnun Vilhjálms Stefánssonar, Norðurlóð,

600 Akureyri, Iceland; Dr Árni Einarsson, Mývatn Research Station, Skútustaðir, IS-660 Mývatn, Iceland; Dr Brian T. Hill, Natural Research Council, Institute for Ocean Technology, P.O Box 12093, Stn. 'A'/A1B3TS, St. Johns, Newfoundland and Labrador, Canada; Dr Viðar Hreinsson, The Reykjavik Academy, Hringbraut 121, 101 Reykjavík, Iceland; Ingibjörg Jónsdóttir, Department of Geosciences, Faculty of Science, University of Iceland, ÍS 101, Reykjavík, Iceland; Drs Trausti Jónsson and Þór Jakobsson, Veðurstofa Íslands, Bústaðavegi 9, 101 Reykjavík, Iceland; Dr Noel Keenlyside, Geophysical Institute, University of Bergen, P.O 7800, NO-5020 Bergen, Norway; Box Professor Leslie King, Professor, School of Environment and Sustainability, Director, Canadian Centre for Environmental Education, Royal Roads University, 2005 Sooke Road, Victoria BC Canada V9B 5Y2; Dr T.H. McGovern, Bioarchaeological Laboratory, Department of Anthropology, Hunter College, CUNY, New York, NY 10021, USA; Dr Øyvind Nordli, Norwegian Meteorological Institute, Box 43, Blindern N-0303, Oslo, Norway; Professor Gísli Pálsson, Director, Institute of Anthropology, University of Iceland, ÍS 101, Reykjavík, Iceland; Dr William Patterson, Saskatchewan Isotope Laboratory, Geological Sciences, 114 Science Place, SK S7N 5E2, Saskatchewan, Canada; Professor J.C. Rogers, Dept. of Geography, 1036 Derby Hall, The Ohio State University, Columbus OH 43210-1361, USA; Professor I.A. Simpson, School of Biological and Environmental Sciences, University of Stirling, Stirling Scotland, FK9 4LA.

Synergistic Activities

I have worked with colleagues from different disciplines in the promotion of interdisciplinary, multidisciplinary, and international cooperation all my professional life. I began my academic career by studying Scandinavian literature and languages and intellectual history – the history of ideas. My interests in the natural world and human ecology led me to focus on the history of the climate and the environment. This in turn has led to the bringing of a “human dimensions” element to natural science research projects and ultimately to a focus on Arctic studies in general. The wealth of my synergistic activities is attested to by my list of collaborative colleagues above.

Service and Administrative Activities

I was on the steering committee of the US National Science Foundation Human Dimensions (HARC) initiative and contributed to writing the publication *People and the Arctic: A Prospectus for Research on the Human Dimensions of the Arctic System*. I was also the “Human Dimensions” representative on the NSF OAII (Ocean-Atmosphere-Ice Interactions) steering committee and have contributed to their science plan: *A Prospectus for the Arctic System Science Ocean-Atmosphere-Ice Interactions Component*. In April 2002 I was elected to the Board of Directors of ARCUS (the Arctic Research Consortium of the United States <http://www.arcus.org>). In 2005 I was elected to a second term. I stepped down in 2008 in order to have more time for my research projects. I served on the scientific committee of the European Science Foundation BOREAS programme from 2007-2010. I have served on the editorial board of five international journals and review numerous articles and proposals annually. At INSTAAR I served as Associate Director

for nearly 3 years, thus gaining much administrative experience. I have served on several INSTAAR committees including a number of years on the Executive Committee. I have recently been elected to the board of the Inscripting Environmental Memory in the Icelandic Sagas project (<http://ihopenet.org>).

Recent Conferences and Sessions Organized

- Session at 6th International Congress of Arctic Social Sciences (ICASS VI). Arctic Social Sciences: Prospects for the International Polar Year 2007-2008 Era and Beyond. Nuuk, 22-26 August, 2008 entitled: *Northern Narratives of Climate Change: Impacts from Ocean and Lake Communities: A Synthesis Approach*. 12 papers presented. Funded by the European Science Foundation.
- Conference funded by the European Science Foundation EUROCOREAS BOREAS programme on *Boreal Histories, Environments, and Narratives: The Making and Uses of Knowledge*, Snorrastofa, Reykholt, Iceland, 21-26 October 2008. 50 delegates took part in this very successful conference. ESF award (see below).
- Conference funded by the National Science Foundation on Long-Term Global Human Ecodynamics. Eagle Hill, Maine, 15-18 October, 2009. NSF award (see below).

- Panel Session at Boreas Final Conference, *A Many-Faceted Tale: Narrating the North*, Arctic Centre, University of Lapland, Rovaneimi, Finland, 28-31 October, 2009.
- Session on *Circumpolar Perspectives on Changing Seasonality in the Arctic* at the “Seventh International Congress of Arctic Social Sciences Circumpolar Perspectives in Global Dialogue: Social Sciences beyond the International Polar Year” Akureyri, Iceland, 22-26 June 2011.
- Workshop on *Land-Use Change in a Changing Climate: Farming Practices, Nature-Based Tourism and Outdoor Recreation – Local Issues, Global Concerns*. Framsenteret, Tromsø, 1 February. 2012.
- Nansen Seminar for cooperation between Iceland and Norway. On behalf of the Norwegian and Icelandic Foreign Ministries. Together with Niels Einarsson, Director, Stefansson Arctic Institute: *In Northern Mists: Understanding the Past, Predicting the Future – Icelandic and Norwegian Contributions to Arctic Research*. University of Akureyri, 12-13 November 2012.
- Workshop on *Mývatn and Beyond: Interdisciplinary Investigations of Changes in Climate and Human Ecodynamic Systems*. Funded by Icelandic Centre for Research (Rannís) Science Cooperation Fund and the Nansen Professor Fund. University of Akureyri, Iceland, 2-3 September, 2014.

Recent Research Grants Awarded

2000: National Science Foundation (USA). Award OPP-0002651: *Landscapes and Seascapes: Linkages between Marine and Terrestrial Environments and Human Populations in the North Atlantic*. PIs: A.E.J. Ogilvie, J.R. McGoodwin, G. Pálsson, J.H. Ingimundarsson, T. Jónsson and H. Vilhjálmsón. \$366,945. Ended 2005.

2002: Leverhulme Trust (UK). *Landscapes circum-Landnam: Viking Settlement in the North Atlantic and its Human and Ecological consequences*. PIs: K.J. Edwards, T.H. McGovern, A.J. Dugmore. I was a consultant on this project awarded to the Department of Geography and Environment, University of Aberdeen. Ended 2006.

2003: RANNÍS (The Icelandic Centre for Research). *Climate Changes and Climate Impacts: Evidence from Sheriffs' Letters*. PIs: A.E.J. Ogilvie, T. Jónsson and S. Steingrímsson. \$60,000. Ended 2006.

2003: National Science Foundation (USA). Award OPP 0326776: *Warm Times, Cold Times:-Quantitative Reconstructions of Near-Shore Environments Over the Last 2000 Years in Vestfirðir, NW Iceland: Natural Changes and Human Responses*. PIs: J.T. Andrews, B. Patterson, A.E. Jennings and A.E.J. Ogilvie. \$394,457. Ended 2006.

2006: National Science Foundation (USA). Award BCS 0527732. *AOC: Human and Social Dynamics in Myvatnssveit, Northern Iceland, from the Settlement to the Present*. PIs: A.E.J. Ogilvie; T.H. McGovern; J.H. Ingimundarson; I.A. Simpson. \$549, 109. 03/15/2006-08/31/2009.

2006: National Science Foundation (USA) in collaboration with the European Science Foundation (ESF). Award 0638897: *Northern Narratives: Social and Geographical Accounts from Norway, Iceland and Canada (NORSAGA)*. Project Leader: A.E.J. Ogilvie. PIs: Ingibjörg Jónsdóttir; Niels Einarsson; W.P. Patterson. Associated Partners: P. Wadhams, B. T. Hill; G.R. Demarée. \$592,890. 11/15/2006-10/31/2009.

2006: National Science Foundation (USA). Award 0629500. *Collaborative Research: Syntheses of Sea Ice, Climate and Human Systems in the Arctic and Subarctic (SYNICE)*. PIs: Astrid E.J. Ogilvie; J.C. Rogers; Peter Wadhams. \$565,897. 09/15/2006-8/31/2009.

2007. RANNÍS (The Icelandic Centre for Research). Author award (*Launasjóður fræðiritahöfunda*) to write book on *Ástandið á Íslandi: Bréf sýslumanna og amtmanna 1700-1894*.

2007: RANNÍS (The Icelandic Centre for Research). *Iceland and Images of the North*. Co-PI. Led by Sumarliði Ísleifsson and Daniel Chartier. 06/01/2007-05/31/2010.
