

Innovative Community Engagement for Building  
Effective Resilience and Arctic Ocean Pollution-control  
Governance in the Context of Climate Change

Win great prizes  
and get your  
photo featured!

## PHOTO CONTEST:

# Capture the Impact

## SHOW YOUR VISION FOR A CLEANER ARCTIC!

Do you have a photo from Akureyri or Húsavík that shows environmental action, community effort, or the need for change?

Share your photo — whether it highlights positive impact or shows the real effects of pollution — and tell us your vision!

### WHAT TO SUBMIT

A photo that shows:

- Environmental action or success story: a clean-up effort, a community initiative
- A place you are helping to protect or restore
- Pollution and your vision for change. What should this place look like instead?

### HOW TO ENTER

#### Step 1

Upload your own photo + a short description

#### Step 2

Fill-in the form with your contact info

**DEADLINE 30 June 2025**

[ENTER HERE](#)

Your photo will be part of the ICEBERG Community Monitoring Platform, working with communities in Iceland, Kalaallit Nunaat (Greenland), and Svalbard to track pollution and protect nature. Your entry helps build an interactive map of community stories and actions for a healthier Arctic.
